

Fun Life Capernaum Santa Clarita Valley

Serve as a Life Group

“Adopt-a-Club”

We would love to invite Life Groups to be involved with our Fun Life clubs throughout the semester. At any Fun Life club, you will see Fun Life friends, volunteer leaders, and high school students serving as buddies and all having a great time together. The one missing gap in this scenario is the group of adults who come to help serve and support at club. Serving at a Fun Life club is one way your Life Group can collectively focus your love and effort in an outreach setting with **special needs (physically and mentally disabled) adolescents and their families**. Please know that the support they receive deeply encourages the parents of our special friends.

Below is a description of what your involvement as a Life Group could include:

- Providing and serving the pizza dinner (with salad, waters, paper goods)
- Helping with set up and clean up
- General help with the evening’s activities
- Providing support by being extra adults to watch kids and entryways
- Mingling with parents who may be there

If your Life Group is interested in helping out with a Fun Life club, we would love to hear from you. Please contact John and Nancy Pantellas to talk about “adopting a club” and getting involved. We are convinced that you will be blessed by this ministry opportunity and your Life Group will be strengthened through serving together at club. The need is great to reach out to adolescents with special needs in our community, thanks for your consideration.
